

Job Title: Mechanical Technician

Location: Chicago, IL

Company: Precision Engineering Solutions

About Us: Precision Engineering Solutions is a leading provider of mechanical engineering services and solutions, specializing in the design, manufacturing, and maintenance of mechanical systems. We are committed to delivering high-quality products and services to our clients across various industries. We are currently seeking a skilled Mechanical Technician to join our team.

Job Summary: The Mechanical Technician will be responsible for assembling, maintaining, and repairing mechanical systems and equipment. This role requires a strong understanding of mechanical principles and the ability to work effectively in a team environment.

Key Responsibilities:

- Assemble and install mechanical components and systems according to specifications.
- Perform routine maintenance and repairs on mechanical equipment.
- Troubleshoot mechanical issues and implement effective solutions.
- Conduct inspections and tests to ensure equipment operates efficiently and safely.
- Maintain accurate records of maintenance and repair activities.
- Collaborate with engineers and other technicians to improve processes and systems.

Qualifications:

- Associate's degree in Mechanical Engineering Technology or a related field, or equivalent experience.

- 2+ years of experience as a Mechanical Technician or in a similar role.
- Strong knowledge of mechanical systems, tools, and equipment.
- Proficient in reading and interpreting technical drawings and schematics.
- Excellent problem-solving and troubleshooting skills.
- Strong attention to detail and ability to work independently.

What We Offer:

- Competitive salary and comprehensive benefits package.
- Opportunities for professional development and career advancement.
- A collaborative and innovative work environment.

How to Apply: Interested candidates should submit their resume and cover letter to hr@precisionengineeringsolutions.com by April 30, 2024.
